B-School, delivered a welcome address and emphasis on students being aware of the present environment imbalance and encouraging students to adopt responsible behaviors such as reducing waste, conserving energy, minimizing water usage, and choosing sustainable alternatives can have a significant positive impact on the environment. Dr. Rajasekhar's emphasis on the importance of the environment in human life is fundamental. Highlighting this connection can help individuals understand the critical role that the environment plays in sustaining life on Earth and how our actions impact it.

Dr. Rajasekhar's underscoring the interdependence between the environment and human well-being, he aimed to inspire students to recognize their responsibility towards preserving and protecting the environment. Dr. Rajasekhar's point about human activities posing threats to the environment in the name of development is an important one. Trees play a vital role in mitigating climate change by absorbing carbon dioxide, stabilizing soil, and providing habitat for wildlife.

He suggested to renewable energy sources like solar power, both on and off the grid, is a sustainable alternative to fossil fuels, reducing greenhouse gas emissions and dependence on finite resources. The current average water usage of 135 liters per day is substantial, and reducing it can have significant benefits for both the environment and society. Encouraging individuals to adopt water-saving practices such as fixing leaks, using water-efficient appliances, and practicing mindful consumption can help conserve water and reduce strain on freshwater sources. He call to reduce carbon footprint aligns with global efforts to mitigate climate change and promote sustainability. He enlighten that water auditing involves systematically evaluating water consumption patterns. Mr. S. Senthilkumar, Assistant Professor, Student's ExNoRa club coordinator M.A.M. The text states that the Internal Quality Assurance Cell (IQAC) and Women Empowerment Cell cordially invite a one-day seminar. The chief guest is Dr. S. Anitha, from the Department of Mathematics at MAMCET. The seminar is scheduled for 2nd September 2023 at 1.30 PM at the MAMBS Seminar Hall. It also lists the organizers: Dr. M. Hemalatha (Organizer - MAMBS) and Mrs. Fatima Rithadh Malik (Secretary & CEO - MAMBS).

Her insights and knowledge undoubtedly enriched the audience's understanding of these crucial topics. Discussing women's rights is a critical aspect of promoting gender equality and empowerment. These talks likely touched upon various facets of women's rights, such as equal opportunities, freedom from discrimination, access to education and healthcare, and the importance of empowering women in all spheres of life. Such discussions are vital in raising

awareness and inspiring positive change in society, and they reflect the commitment of both the participants and the institution to these important issues.

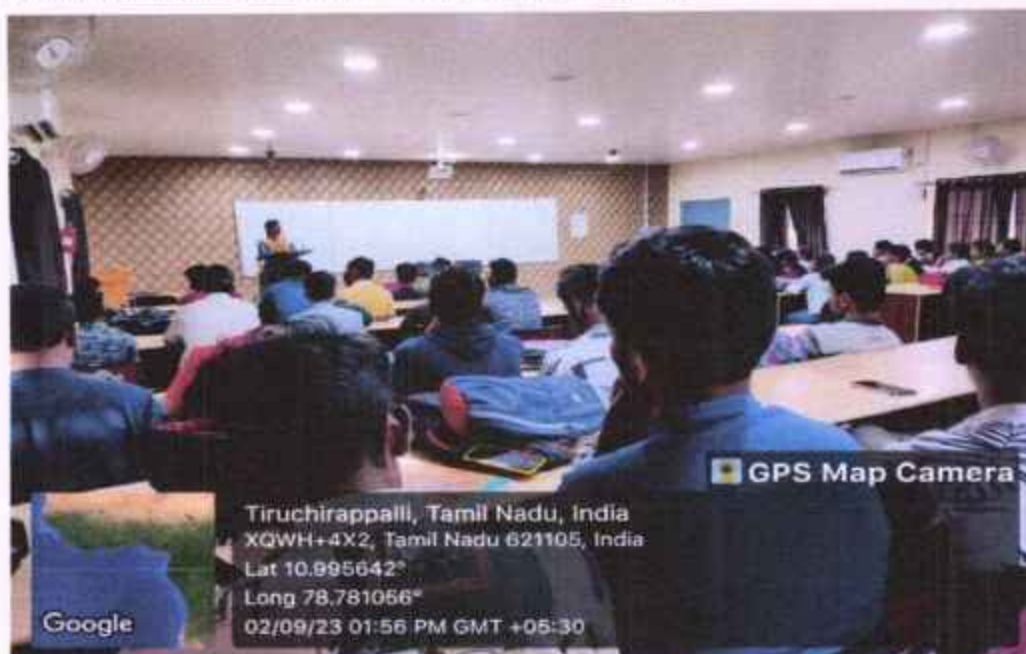

Dr. S. Anitha, hailing from the Department of Mathematics at M.A.M. College of Engineering and Technology, orchestrated a remarkable speech competition centered on the theme of women's rights. The event witnessed enthusiastic participation from students, who not only engaged fervently but also exhibited a profound understanding of the topic, highlighting their inner values. The competition served as a platform for students to express their perspectives and insights on the crucial subject of women's rights. Dr. Anitha's efforts in organizing such an event underscore the institution's commitment to promoting awareness and dialogue on vital societal issues.

The genuine enthusiasm displayed by the participants reflects their dedication to advocating for gender equality and women's empowerment. Such initiatives play a vital role in fostering a

socially conscious and informed student community, contributing to a brighter and more equitable future. She added that it's important to note that challenges persist. Gender-based violence, unequal access to resources, and traditional norms and stereotypes continue to hinder women's empowerment. Achieving true gender equality requires sustained efforts at all levels of society, from individuals to governments and international organizations.

It involves not only legal and economic changes but also cultural shifts that recognize and value women's contributions and rights. Women's empowerment is a journey that is ongoing, and progress in the present environment is promising but still needs dedication and commitment. Ms. M. Akila, Assistant professor, Coordinator of women empowerment cell made all arrangement and completion of the programme.
