TALENT SPOTTER-2023

"Everybody has talent; it's just a matter of moving around until you've discovered what it is".
MAMBS organized "Talent Spotter" program to unleash the hidden potentials of students.

A talent show is an event in which participants perform the arts of singing, dancing, lip-syncing, acting, martial arts, playing an instrument, poetry, comedy or other activities to showcase skills. Many talent shows are performances rather than contests, but some are actual contests. In the instance of a contest, participants may be motivated to perform for a reward, trophy, or prize of some kind.

The poster for M.A.M. B-School's Talent Spotter 2023 event is set against a yellow background with a starry pattern. At the top, the school's name and accreditation details are displayed. The central text reads "Talent Spotter 2023" in a large, stylized font. Below this, various icons represent different talents: a film clapperboard, a camera, a musical instrument, a person dancing, and a person acting. Two vertical banners on the sides list the categories: "Music, Dance, Singing, Art & Craft, Video Editing, Photography" and "Academy, Mimicry, Drawing, Model Creation, Paper, Presentation". A central banner asks "Are you ready?". At the bottom, the dates "28th, 29th & 30th August 2023" and the names of the organizers, Dr. M. Hemalatha and Mrs. Pichayya Sathyanarayana, are provided.

Something that's intercollegiate occurs between different colleges. At an intercollegiate debate competition, there are teams from many schools competing against each other. You'll almost always find the adjective intercollegiate describing sports, or occasionally scholarly rivalries, between colleges or universities. Taking place between or participating in activities between different colleges: intercollegiate athletics. Of, relating to, or representative of two or more colleges.

A corporate walking challenge is oftentimes initiated as a part of an overall corporate wellness campaign. Wellness campaigns tend to touch on several areas of wellbeing, like physical and mental health and wellness, social wellness, financial wellness, and physical wellness. The Miming Competition is a fun and easy game that does not require a lot of preparation. The students form small groups. One after the other each group picks up a card and the group acts out the word on the card together.

Short films are excellent prompts for writing activities such as writing an alternative ending, writing a prequel or a sequel, or writing from the perspective of one of the characters, which students find engaging and motivating.

Another benefit of using films in the classroom is that they can help students learn about their society. This is because films often reflect the values and beliefs of the cultures they are made in. By watching films, your students can gain a better understanding of the world around them.

Awards and recognition of our students

Short films tempt to work in the same way, showing as much information and visuals as you can in a short amount of time, not to make the timeline inside the movie feel longer, but making the brain take in as much info to make it seem like time is slower.

A short film is basically any film that is too short to be considered a feature film. There are no set boundaries on this, although the Academy of Motion Picture Arts and Sciences defines a short film as "an original motion picture that has a running time of 40 minutes or less, including all credits".

Outcome of the Event:

Short films are generally used for industry experience and as a platform to showcase talent to secure funding for future projects from private investors, a production company, or film studios. They can also be released with feature films, and can also be included as bonus features on some home video releases.

It typically involves competitions, workshops, seminars, and networking opportunities for students and professionals interested in the field of management. Management fests provide a platform for individuals to showcase their skills, learn from industry experts, and connect with like-minded individuals. The primary objective of a management fest is to provide a platform for students to showcase and hone their managerial and leadership skills in a competitive and engaging environment.

Management meet is a scheduled gathering of key leaders within an organization, such as executives, department heads, or team leaders, to discuss strategic matters, set priorities, make decisions, and align on organizational goals. These meetings are essential for high-level coordination and decision-making. The Management meet is organized to provide platform for all MBA students from other institutions to participate in the various events related to Marketing, HR, Finance, General management. A Management game show was also organized to encourage and motivate student participants from other college. Management meet helps to bring out the young minds to show case their managerial talents and test their skill set in the process of enhancing the knowledge base through a professional filled experience.

The events were related to the management of Human Resources, Finance, and Marketing. It also includes Best Manager events, Curtain Raiser and Fashion Show. The fest was organized by MBA students with great enthusiasm and professionalism. The participants get to learn, enjoy, play, enact, and experience management and cultural activities.

OUTCOME OF THE EVENT

The key skills and concepts that your students need to know to achieve your course's high-level outcome, to discuss and exchange knowledge, research findings, and insights on a particular topic or theme. The central theme or topic of discussion is always focused. For example, a marketing company may hold a symposium about customer experience and journey mapping, or emerging trends.

"STATE LEVEL SEMINAR AT SRM INSTITUTE OF SCIENCE AND TECHNOLOGY"

Our MAMBS Students are attended the one day state level seminar on "MODERN BUSINESS STRATEGY FOR INDIAN MARKETS" Organized by Institute of Hotel Management.

A seminar is a form of academic instruction, either at an academic institution or offered by a commercial or professional organization. It has the function of bringing together small groups for recurring meetings, focusing each time on some particular subject, in which everyone present is requested to participate. In essence, a seminar is a more traditional form of learning. It's a gathering where experts on specific topics engage in round-table discussions, share research or

Findings, and open the floor for questions and discussion from the audience. These are typically held in person, in an educational or professional setting.

Seminar is an instructional technique of higher learning which involves paper reading on a theme and followed by the group discussion to clarify the complex aspects of theme. Presenting effectively in a seminar requires good language control and communication skill, use of a range of presentation techniques and good management of time. By practising beforehand your confidence will also increase.

OUTCOME OF THE EVENT:

Learning outcomes describe the measurable skills, abilities, knowledge or values that students should be able to demonstrate as a result of completing a course. They are student-centered rather than teacher-centered, in that they describe what the students will do, not what the instructor will teach. Demonstrate a sound technical knowledge of their selected seminar topic. Undertake problem identification, formulation and solution. Design engineering solutions to complex problems utilizing a systems approach. Communicate with engineers and the community at large.

Objectives:

1. Develop leadership and management skills
2. Enhance knowledge of industry practices and innovations
3. Foster networking and collaboration among students
4. Provide a platform for students to showcase their talents and ideas
5. Inspire and motivate students to become future leaders

Benefits

1. Gain practical insights and knowledge from industry experts
2. Develop valuable connections and mentorship opportunities
3. Improve skills and confidence in leadership and management
4. Enhance career prospects and job readiness
5. Be inspired and motivated to achieve academic and professional goals

Visionary Ventures: Charting New Horizons in Business. Vision in business is the ability to foresee trends, anticipate market shifts, and achieves long-term success decisively. Visionary Ventures represents a small group of people who are investing in and growing companies oriented around ownership and value generation. We offer an approach to founding teams, at the earliest stages of their company's development, who want an alternative to traditional venture capital led growth. Instead of indexing a business' potential value against exits and IPOs, we partner with founding teams that are seeking capital to underwrite a business' eventual profitability. Our north star is to help accelerate a founding team's ability to exit the venture games, not exit their companies.

COMMCLAVE 2K23-A STATE LEVEL INTER-COLLEGIATE MEET-30.9.23

OUTCOME OF THE EVENT:

The programme places a strong emphasis on the practical skills essential to successful management careers. As well as core and option courses, students will participate in tutorials, workshops and management simulation exercises.

This will give you the opportunity to go beyond purely theoretical knowledge to gain a more practical understanding of real life management problems. It will also provide invaluable opportunities to engage in teamwork and problem solving strategies.

A NATIONAL LEVEL TECHNICAL SYMPOSIUM

Our MAMBS Students participated and own 1st prize in ADZAP Event at a National level technical symposium organized by Dhanalakshmi srinivasan engineering college, Perambalur.

"A technical symposium is a platform where students transform knowledge into action, ideas into innovations, and dreams into reality. The Technology Symposium showcases innovative research projects conducted across multiple disciplines including engineering, engineering technology management and computer science. The purpose of a symposium is to typically allow experts in a given field to meet, discuss papers/topics in question, and examine the issues and trends associated with the topic.

College Symposiums enhance the technical knowledge of students and provide them a platform to exhibit their talents. It helps students to identify and understand the various aspects of their domain which provides opportunities for them to develop their versatility and charisma in the divergent facet of their growth.

At a symposium, speakers have dedicated time to present their research. After these presentations, symposiums usually invite audience questions and allow networking. As a result, symposiums tend to be more informal. Conferences are generally more formal, but they can include many different types of session formats.

The major objective is discussing the current topics of the business industry. The Human Resources Committee is responsible for developing a recommendation regarding the compensation, benefits, and perquisites to be provided to the CEO on an annual basis. The Committee will also recommend annually the performance standards and evaluation process that will be used for the CEO.

HR conclave is an enlightening platform that instills within students practicality and an arena of real-life situations. A live discussion by HR professionals from various esteemed organizations would provide the students a deeper understanding of the corporate world and its operations. An opportunity to learn from the Industry's Bigwigs, an insightful experience towards pragmatism and an improved approach to build the business minds. This event is available for all the college students from first year to 4th year; and 2nd, also it is an opportunity for the budding young minds to learn from the industry experts.

The HR CONCLAVE will bring together the top HR heads, staffing managers, CEO Coaches, B-School & engineering graduates, employees across sectors, social skilling organizations and government organizations promoting skilling & development.

Use glitter or colorful papers and fill up balloons. Spend a fun evening bursting them with your friends and family! Get the kids to blow up paper bags and jump on them to create enough noise. This will be a good way to bring in a loud and fun-filled Diwali.

This Diwali, I plan to enjoy a festival of lights that future generations will want to emulate. I pledge to not light any fire crackers. I will spread awareness in my neighborhood by talking to people about noise and high decibels. Also, on air pollution, the burning sulphates and nitrates too.

Awareness programme "Crackers Free Diwali"

M.A.M. B-School, a standalone Business School in Trichy its Internal Quality Assurance Cell (IQAC), ExNoRa Club, Youth Red Cross and Thanneer Club jointly organized awareness programme on "Crackers Free Diwali" on 10th November, 2023 at Konali Village near Siruganur, Trichy. In a commendable effort to promote eco-friendly Diwali celebrations and discourage the use of firecrackers, MAMBS College organized an awareness program at Konalai village in Trichy. The event witnessed enthusiastic participation from students who showcased a myriad of cultural activities to convey the importance of a green and pollution-free festival. The students' performances included vibrant dances, impactful skits, expressive mime acts, melodious songs, and socially relevant comedy, all aimed at sensitizing the local community about the environmental consequences of fireworks. The presence of the village president Ms. Geeth added significant weight to the event, underlining the importance of community leaders endorsing and participating in initiatives promoting environmental consciousness. Information on eco-friendly decorations, energy-efficient lighting, and the significance of traditional practices formed a crucial part of the awareness campaign, empowering the villagers to make informed choices. As a result of this impactful initiative, the villagers expressed appreciation for the effort to create awareness about the environmental impact of Diwali celebrations. The students, through their creative performances, successfully conveyed the message of celebrating festivals in a manner that respects nature and contributes to a cleaner and healthier environment. Overall, the eco-friendly Diwali awareness program organized by MAMBS College at Konalai village in Trichy emerged as a successful endeavor in fostering environmental consciousness, with the hope that such initiatives will inspire a positive shift in festive celebrations towards sustainability. Students took the initiative to prepare vibrant banners adorned with quotes advocating for an eco-friendly Diwali. These banners served as powerful visual tools, delivering messages that resonated with the essence of a cracker-free Diwali celebration. The quotes, thoughtfully crafted by the students, highlighted the importance of protecting the environment during festive seasons. The collective effort in raising these banners not only showcased the students' artistic talents but also demonstrated their dedication to fostering positive change in their community. The program, enriched by the students' creative expressions, not only

heightened awareness about eco-friendly Diwali celebrations but also inspired a sense of collective responsibility. Through their artistic endeavors, the students effectively conveyed the message that small individual actions, when multiplied, can lead to significant positive change. The Eco-Friendly Diwali Awareness Program, with its focus on student-driven initiatives like the creation of impactful banners, successfully instilled a sense of environmental responsibility among the participants. The event stands as a testament to the power of youth-led efforts in advocating for sustainable and eco-conscious practices during festive occasions. Ms. B Gayathri, Assistant professor, Thanneer Club coordinator, and Mr. S. Senthilkumar, Exnora coordinator, Assistant professor made required arrangement for the programme.

OUT COME OF THE EVENT:

Diwali without crackers will prevent noise pollution and air pollution. We have heard or come across news where people walking on roads have lost their eyes due to irresponsible use of firecrackers by some people. Firecrackers pollute the environment with noise, particulate matter, and chemicals adding no real contribution to public health or public wealth. The detrimental impact of air pollution on human health is increasingly acknowledged, both in the short and long term. In conclusion, Diwali is a festival that transcends religious and cultural boundaries, celebrating the triumph of light over darkness, knowledge over ignorance, and hope over despair.

Understand that stock market games are different from investing in real life.

Make sure you invest all, or almost all, of your computer money.

Look for stocks that are likely to go up and down a lot.

Don't be too late.

Check carefully for errors before submitting your trades.

Manage the time effectively. To succeed in a trading competition, managing your time effectively is essential. Be aware that trading competition is only open for a short period, so kindly adjust your strategy accordingly. In regular trading, traders typically wait for clear market trends before making decisions.

The programme places a strong emphasis on the practical skills essential to successful management careers. As well as core and option courses, students will participate in tutorials, workshops and management simulation exercises.

This will give you the opportunity to go beyond purely theoretical knowledge to gain a more practical understanding of real life management problems. It will also provide invaluable opportunities to engage in teamwork and problem solving strategies.

HR games are fun and interactive experiences that HR can use as trainings or team building exercises. These games are business strategies that allow human resource teams to train, develop, and evaluate workers. Examples include guess that baby, penny for your thoughts, flip it over, and help me. These activities aim to help HR professionals learn more about each other.

These games can be part of your HR project ideas and employee engagement activities. These games can help improve company culture, employee retention, and workplace positivity. HR games can help test and train teams. Managers can also use these games to create trust and bonds among members.

Outcome of the event:

The programme places a strong emphasis on the practical skills essential to successful management careers. As well as core and option courses, students will participate in tutorials, workshops and management simulation exercises.

HR Conclave 2023

About the Conclave

The last few years have been unprecedented and challenging times for HR professionals. The HR industry is facing a range of challenges, ranging from talent shortage to employee engagement. The conclave will provide a platform for HR professionals to share their experiences and insights, and to learn from each other.

At the best HR conferences, leading speakers examine the most pressing challenges facing HR and offer their expertise on how to adapt to them. HR conference topics also tend to be specialized, allowing you to dive deep into specific areas relevant to your organization.

The objective of the Conclave is to provide a platform for the practicing companies to share their success stories & help others internalize the concept in the right way for growth. From improving talent acquisition and retention to enhancing employee performance and development, increasing compliance and risk mitigation, fostering positive employee relations and engagement, and promoting organizational agility, HRM plays a pivotal role in shaping a thriving and resilient workplace.

Businesses must cultivate a healthy, supportive and motivated workplace culture to help every employee succeed. Our HR and people management keynote speakers home in on their experiences working with others and getting the best out of people from all walks of life, to inspire business leaders to create a culture where employees are inspired and motivated to go above and beyond.

The day is about promoting the rights and well-being of persons with disabilities at every level of society and development, and to raise awareness of the situation of persons with disabilities in all aspects of political, social, economic, and cultural life. The theme of the IDPD 2023 is "United in action to rescue and achieve the SDGs for, with and by persons with disabilities". Celebration of IDPD aims to promote the inclusion of disabled individuals in all facets of society and increase awareness of the challenges faced by them.

Disability Pride Month is celebrated every July and is an opportunity to honor the history, achievements, experiences, and struggles of the disability community. Disability awareness is an important part of establishing inclusion for people with disability. Often our fears and discomfort about interacting with people with disability is based on lack of knowledge, uncertainties, and stereotypes that can influence your attitudes.

Explicitly learn about different disabilities.

Learn respectful ways to talk about disabilities.

Communicate openly and honestly about differences.

Show support for their peers and others in their community with disabilities.

It aims to promote the rights and well-being of persons with disabilities in all spheres of society and development, and to increase awareness of the situation of persons with disabilities in every aspect of political, social, economic and cultural life. Celebrated on 3 December around the world, IDPD mobilizes support for critical issues relating to the inclusion of persons with disabilities, promotes awareness-raising about disability issues and draws attention to the benefits of an inclusive and accessible society for all.

Our College Secretary & CEO Madam Mrs. Fathima Bathool Maluk invited as a chief guest for the programme

Persons with disabilities die earlier, have poorer health, and experience more limitations in everyday functioning than the rest of the population due to health inequities. "Know me for my abilities, not my disability." – Robert M. Hansel. The purpose of these quotes is to promote awareness, equality, and empowerment for professionals with physical or mental conditions.

R is utilized in research and academics as a statistical research tool. It is used for data evaluation, statistical modeling, and representing data. Researchers analyze and build models with the help of functions, including lme4. R is likewise used for machine learning research and deep learning.

To understand the basic concepts and the applications of Database Systems. To master the basics of SQL and construct queries using SQL. Concurrency Control. To become familiar with NO SQL Programming Language. Most commonly, the R language is used for data analysis and statistical computing. It's also an effective tool for machine learning algorithms. R is especially

relevant for data science professionals due to its data cleaning, importing, and visualization capabilities.

Hands-on training is any training method where learners actively engage with tasks, often in controlled environments like classrooms, labs, or virtual platforms. It emphasizes understanding through doing, irrespective of the actual job setting.

Hands-on training refers to software training that involves a practical element, where the user is able to learn how to use the software by trying out for them in a controlled environment. One of the hallmarks of hands-on training is its ability to present challenges, encouraging learners to think critically. By navigating these challenges, learners sharpen their problem-solving skills, becoming adept at finding solutions in diverse situations.

"SESSION ON R PROGRAMMING"

The R programming language is used for statistical analysis, data visualization, and data science. It's popular among researchers, data scientists, and statisticians for its powerful tools and packages. A good data scientist is a passionate coder-slash-statistician, and there's no better programming language for a statistician to learn than R. The standard among statistical programming languages, R is sometimes called the "golden child" of data science.

Outcome of the Event:

Hands-on training is an approach to workplace training that uses direct experience and practice to maximize learning outcomes. This approach combines experiential learning methods like on-the-job training, simulation-based learning, role-playing, and behavior modeling to immerse learners in training activities and maximize learning outcomes.

With digital transformation, many workplace operations are conducted via different software applications. Hands-on training for software users is similarly geared toward learning by doing in a controlled, often immersive, digital environment.

M.A.M. Business School, a standalone Business School in Trichy, its Student Association Club organized a celebration function of "Merry Christmas" on 23rd December, 2023. Dr. M. Hemalatha, the director of the M.A.M.B. School, greeted everyone and conveyed Christmas greetings. She stated that Christmas is observed to commemorate the birth of Jesus Christ, who is revered by Christians as the Son of God, the speaker continued. The event conducted to exchange joy, love, and giving. The Mass of Christ (or Jesus) is where the word "Christmas" originates, and the central theme of Christmas is God's love for us, including you and me. Reading from the Bible, "Lift up your heads and see; your redemption is near at hand Your ways, O LORD, make known to me; teach me your paths, Guide me in your truth and teach me, for you are God my savior,," opens the festivities. The Christmas song in the chorus comes next.

A number of events were held with the intention of celebrating, including singing for the pupils and performing songs, dances, crib and tree decorations. The Christmas tree decoration competition attracted greater attention due to the kids' creative participation, as they engaged with great interest and involvement. Senior professors invited to the competitions to evaluate and judge the performance. Top notched performers encouraged with distribution of prizes. Students prepared themselves in a great extend along with lot of effort to show their skills and abilities. In addition to being viewed as joyful and happy, the celebration gives students and faculty a pleasant feeling. The Santa's magnificent entrance with his guitar strumming along to the music was admired by the sparkling eyes. To everyone's joy, dancers waved and gave out candy as Santa entered the stage in an exuberant dance motion. The audience joined in on the jig version of the classic song "Jingle Bells." The program came to an end with the distribution of sweets and cakes as well as a vibrant and enjoyable conclusion dance. Overall, the presentation was amazing and fantastic, leaving the crowd wanting more. Ms. M. Surya assistant professor made the requisite arrangements for successful completion of the programme.

It is basically a harvesting festival or it can be considered as the 'thanksgiving' festival' because this festival is celebrated to thank the Sun God and Lord Indra for helping farmers in getting better-yielding crops. During the festival, people reject old belongings and welcome new stuff.

Pongal, a harvest festival of Tamil Nadu, signals a time for new beginnings. It marks the end of a cold winter and signals the start of the sun's six-month journey towards the North. On this auspicious day, the Sun is worshipped as the life force behind all creation.

"Pongalo Pongal" Pongal Celebration 2024

M.A.M. B-School a standalone Business School in Trichy, its Student's ExNoRa Club and Thanneer Club jointly organized a "Pongalo Pongal" Pongal celebration 2024 on January 12, 2024, at 10:30 AM. Pongal is a harvest festival celebrated by the Tamil people. It is a celebration to thank the Sun, Mother Nature and the various farm animals that help to contribute to a bountiful harvest. The students and faculties arrived in traditional dhotis and sarees to mark the occasion. The celebration started around 10:30 a.m. The ceremony was inaugurated by lighting the firewood, by Dr. M. Hemalatha, Director of M.A.M. B-School. The college campus was adorned with vibrant Rangoli decorations. Together with their own college faculties, the college came together to celebrate Pongal. It was an ambience filled revelry, music, dance and the joyful faces reverberated with big smiles. Each participants of a particular event was allocated a spot for their celebration inside the college campus. Pongal was prepared by the students. The gathering cooed "pongalo pongal" in unison as boiling rice and milk overflowed the saucepan to overflowing levels. The milk and boiling water were combined with the soaked rice and dhal. Meanwhile there were other activities conducted such as Rangoli, Singing, Pongal Making and traditional food festival competition for the students to celebrate the traditional art forms. The traditional game of Silambam, Uriyadi and Tug of war conducted. Sweet Pongal and sugarcanees were distributed to all the students.. The 'Uri adithal' a traditional game where people are blindfolded and are asked to hit a mud pot hanging from a rope with a rod. The day came to an end with the announcement of the prize winners for the best Pongal and Rangoli done by the students. Everybody left home with memories as it was yet another joyous celebration in M.A.M. B-School. The events not only provide a platform for cultural expression but also foster a sense of community and unity among students and faculty. Mr. S. Senthil Kumar, Assistant Professor, ExNoRa Coordinator and Mrs. B. Gayathri, Assistant Professor, Thanneer Club Coordinator made the requisite arrangements for successful completion of the programme.

"PONAL MAKING BY OUR MAMBS STUDENTS"

OUTCOMES OF PONGAL CELEBRATION

It is dedicated to the sun god, Surya, and corresponds to Makar Sankranti, the harvest festival under many regional names celebrated throughout India. The three days of the Pongal festival are called Bhogi Pongal, Surya Pongal, and Mattu Pongal. Some Tamils celebrate a fourth day of Pongal known as Kanum Pongal.

Overall, the Pongal Festival was well held in the M.A.M B.SCHOOL. The day was full of fun, frolics and performances, bringing students and staff together in a spirit of unity. The traditional costumes worn by the students added to the atmosphere of the festival, making it a truly memorable event.

It typically involves competitions, workshops, seminars, and networking opportunities for students and professionals interested in the field of management. Management fests provide a platform for individuals to showcase their skills, learn from industry experts, and connect with like-minded individuals. The primary objective of a management fest is to provide a platform for students to showcase and hone their managerial and leadership skills in a competitive and engaging environment.

Management meet is a scheduled gathering of key leaders within an organization, such as executives, department heads, or team leaders, to discuss strategic matters, set priorities, make decisions, and align on organizational goals. These meetings are essential for high-level coordination and decision-making. The Management meet is organized to provide platform for all MBA students from other institutions to participate in the various events related to Marketing, HR, Finance, General management. A Management game show was also organized to encourage and motivate student participants from other college. Management meet helps to bring out the young minds to show case their managerial talents and test their skill set in the process of enhancing the knowledge base through a professional filled experience.

The events were related to the management of Human Resources, Finance, and Marketing. It also includes Best Manager events, Curtain Raiser and Fashion Show. The fest was organized by MBA students with great enthusiasm and professionalism. The participants get to learn, enjoy, play, enact, and experience management and cultural activities.

TECSIGNIA 2K24

Our MAMBS Students are participated in TECSIGNIA 2K24 and own second prize in short film contest held on 09.03.2024 organized by Trichy Engineering College, Konalai - Trichy

A management meet for college students is an excellent opportunity for young minds to learn, grow, and connect with peers and professionals. Here are some potential aspects of such an event:

1. Leadership talks and keynote speeches
2. Panel discussions on industry trends and challenges
3. Workshops on skills like communication, teamwork, and problem-solving
4. Case study competitions or business plan presentations
5. Networking sessions with alumni, entrepreneurs, or corporate representatives

Objectives:

1. Develop leadership and management skills
2. Enhance knowledge of industry practices and innovations
3. Foster networking and collaboration among students
4. Provide a platform for students to showcase their talents and ideas
5. Inspire and motivate students to become future leaders

Benefits

1. Gain practical insights and knowledge from industry experts
2. Develop valuable connections and mentorship opportunities
3. Improve skills and confidence in leadership and management
4. Enhance career prospects and job readiness
5. Be inspired and motivated to achieve academic and professional goals

Visionary Ventures: Charting New Horizons in Business. Vision in business is the ability to foresee trends, anticipate market shifts, and achieves long-term success decisively. Visionary Ventures represents a small group of people who are investing in and growing companies oriented around ownership and value generation. We offer an approach to founding teams, at the earliest stages of their company's development, who want an alternative to traditional venture capital led growth. Instead of indexing a business' potential value against exits and IPOs, we

OUTCOME OF THE EVENT:

The programme places a strong emphasis on the practical skills essential to successful management careers. As well as core and option courses, students will participate in tutorials, workshops and management simulation exercises. This will give you the opportunity to go beyond purely theoretical knowledge to gain a more practical understanding of real life management problems. It will also provide invaluable opportunities to engage in teamwork and problem solving strategies.

Something that's intercollegiate occurs between different colleges. At an intercollegiate debate competition, there are teams from many schools competing against each other. You'll almost always find the adjective intercollegiate describing sports, or occasionally scholarly rivalries, between colleges or universities. Taking place between or participating in activities between different colleges; intercollegiate athletics. Of, relating to, or representative of two or more colleges.

A corporate walking challenge is oftentimes initiated as a part of an overall corporate wellness campaign. Wellness campaigns tend to touch on several areas of wellbeing, like physical and mental health and wellness, social wellness, financial wellness, and physical wellness. The Miming Competition is a fun and easy game that does not require a lot of preparation. The students form small groups. One after the other each group picks up a card and the group acts out the word on the card together.

It typically involves competitions, workshops, seminars, and networking opportunities for students and professionals interested in the field of management. Management fests provide a platform for individuals to showcase their skills, learn from industry experts, and connect with like-minded individuals.

The primary objective of a management fest is to provide a platform for students to showcase and hone their managerial and leadership skills in a competitive and engaging environment.

Management meet is a scheduled gathering of key leaders within an organization, such as executives, department heads, or team leaders, to discuss strategic matters, set priorities, make decisions, and align on organizational goals. These meetings are essential for high-level coordination and decision-making.

The Management meet is organized to provide platform for all MBA students from other institutions to participate in the various events related to Marketing, HR, Finance, General management. A Management game show was also organized to encourage and motivate student participants from other college.

Management meet helps to bring out the young minds to show case their managerial talents and test their skill set in the process of enhancing the knowledge base through a professional filled experience.

The events were related to the management of Human Resources, Finance, and Marketing. It also includes Best Manager events, Curtain Raiser and Fashion Show.

The fest was organized by MBA students with great enthusiasm and professionalism. The participants get to learn, enjoy, play, enact, and experience management and cultural activities.

Something that's intercollegiate occurs between different colleges. At an intercollegiate debate competition, there are teams from many schools competing against each other. You'll almost always find the adjective intercollegiate describing sports, or occasionally scholarly rivalries.

between colleges or universities. Taking place between or participating in activities between different colleges: intercollegiate athletics. Of, relating to, or representative of two or more colleges.

A corporate walking challenge is oftentimes initiated as a part of an overall corporate wellness campaign. Wellness campaigns tend to touch on several areas of wellbeing, like physical and mental health and wellness, social wellness, financial wellness, and physical wellness. The Miming Competition is a fun and easy game that does not require a lot of preparation. The students form small groups. One after the other each group picks up a card and the group acts out the word on the card together.

In conclusion, quiz competitions are an effective tool for enhancing students' critical thinking skills. By participating in a quiz competition, students can develop their analytical, creative, problem-solving, communication, and confidence-building skills. Competitive advantage in HR refers to the quality of the employees who cannot be copied, unlike company's systems and processes. It comes down to the fact that companies with better employees have the competitive advantage.

Working in HR allows you to influence the well-being and productivity of employees, which motivates teams and creates a more positive workplace culture. Examples of initiatives include team-building opportunities, professional development events and wellness programs. quiz show, broadcast show designed to test the memory, knowledge, agility, or luck of persons selected from a studio or broadcast audience or to contrive a competition among these people for merchandise or cash awards.

1. Cognitive Development: Enhances memory, problem-solving skills, and critical thinking.
2. Educational Benefits: Aids in learning basics in various subjects, expands vocabulary, and helps in understanding complex concepts through simple explanations.

Knowledge application - use your knowledge to answer questions about employee benefits in HR metrics

Interpreting information - verify that you can read information about why a benefits satisfaction metric is necessary and interpret it correctly

Information recall - access the knowledge you've gained regarding how HR metrics are used
