Blood Donation Camp

A "Blood Donation Camp" was held on November 15, 2024, by M.A.M. B-School, a stand-alone business school in Trichy, in collaboration with its Internal Quality Assurance Cell (IQAC) and Youth Red Cross, which has ties to Uvir Thuli Blood Bank, Trichy. The camp started at 2:00 p.m. with a brief opening ceremony, during which Dr. M. Hemalatha, Director of the M.A.M.B-School, welcomed everyone and gave a speech about the importance of blood donation for both individual and societal health. She emphasized that blood donation must be made more widely known and that it is crucial for averting fatalities in emergency situations, particularly those involving serious accidents and obstetric emergencies. Giving blood is one of the most significant things a person can do for society. The purpose of the camp was to support the admirable goal of blood donation she added. Promoting voluntary blood donation among the general public, especially among young people, is the primary objective of setting up blood donation camps. A group of eleven people, including a doctor from the Uyir Thuli Blood Bank and Research Centre, lab technicians, counsellors, and nursing assistants, participated in the program. The Uyirthuli Blood Bank team and the MAMBS Youth Red Cross student team organized all the supplies needed for this occasion. The purpose of this initiative was to provide human health services to the community. Every volunteer voluntarily participated in the blood donation camp and gave blood.

Several professors, associate professors, and assistant professors also took part in this camp and gave blood. The process of examining the blood type, haemoglobin, weight, and blood pressure of the volunteer donors is carried out. After donating blood, the donors were given refreshments and beverages to help them refuel. Fifty units of blood were donated at the camp. This ensures that safe, high-quality blood is accessible and may help with the blood shortage. Human suffering will be lessened as a result, even in the most isolated and farthest parts of the country. To ensure the success of the blood donation camp, every volunteer put in countless hours of work. Mr. A. Anburaj, Assistant Professor, YRC coordinator and students made all the arrangements to completion of the programme.

Pongalo pongalo

It is basically a harvesting festival or it can be considered as the 'thanksgiving' festival because this festival is celebrated to thank the Sun God and Lord Indra for helping farmers in getting better-yielding crops. During the festival, people reject old belongings and welcome new stuff.

Pongal, a harvest festival of Tamil Nadu, signals a time for new beginnings. It marks the end of a cold winter and signals the start of the sun's six-month journey towards the North. On this auspicious day, the Sun is worshipped as the life force behind all creation.
